

Sub-committee report

Recommendation of the Yorkshire Centre Sub-committee

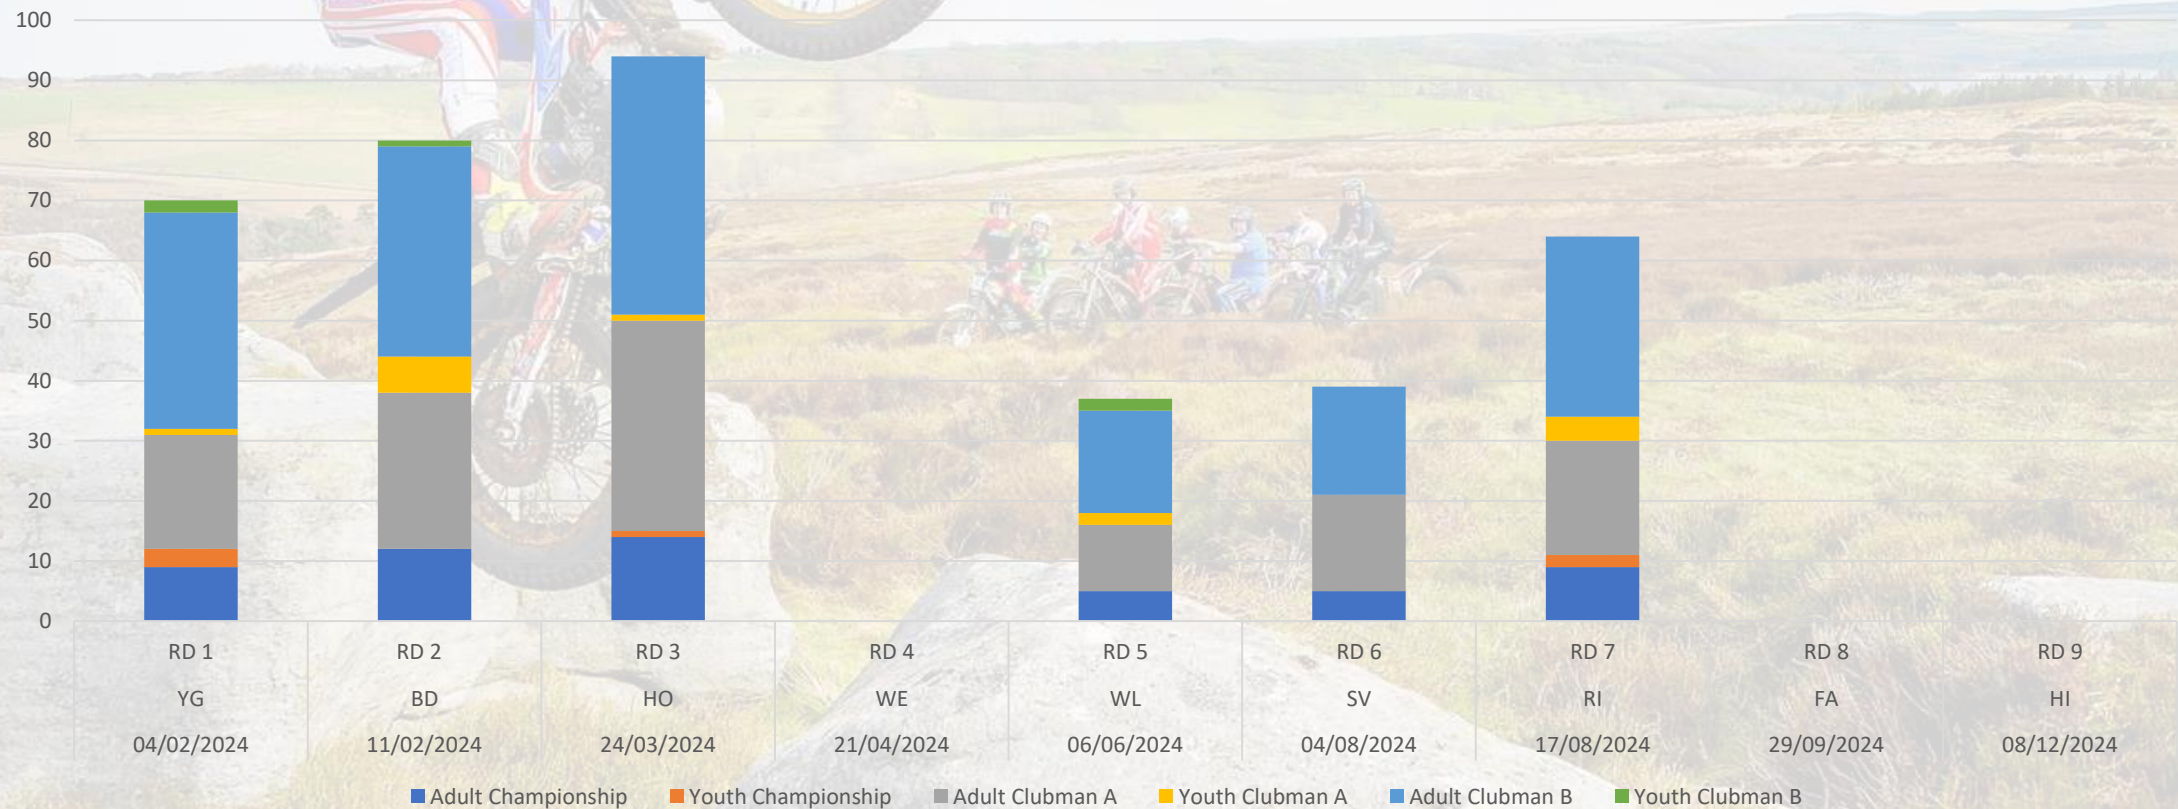

Background

- At the last AGM the Centre Board approved the formation of a sub-committee to examine the rules of the centre with particular attention around Centre Events.
- Entries to both the Yorkshire Centre Trials Championship and the WY Championship have been generally poor throughout 2023 and into 2024.
- The sub-committee have been focused on improving the rider numbers and a clear stepping stone for riders to progress from grass roots to Centre or National events.

The Proposal

Replace the WY championship series!

The new series would be called:

*The Yorkshire Clubman
Championship*

Mige Pearson

In Summary

- Replace the West Yorkshire Championship with a series called the “Yorkshire Clubman Championship”.
- Reallocate existing trophies to new classes.
- Each club can only run one round of the championship – although initially for the 1st year only established dates would be approved.
- The date would NOT be protected; however, clubs would be encouraged to support and give full backing to the new championship.
- Each club would be tasked in promoting the event to all their members of The Yorkshire Clubman Championship event.
- Classes/courses - 2 separate courses taking into consideration all abilities on each course.
 - Clubman A, Novice, A-Class, B-Class.
 - Clubman B, Novice, O50, B-Class, C-Class, Twin Shock, Pre 65 and Air-Cooled Mono.
 - Small Wheels -Conducted Course (Two courses) D, E Class – Venue and club dependant
- Financing the series – re-introduce the Centre Levy £1 or £2 per rider to finance the awards and media.
- No Stop TSR22B
- All rounds count
- Open to any rider who is a member of a Yorkshire Centre Affiliated club.
- Possibly do presentation after last event or perhaps a joint Centre/Club Presentation night.

For consideration by the Centre Board

- We would like to see these events and the Centre Events heavily promoted by the Centre and the event-by-event we must do better than our competition:
 - Consider a new position in the Centre of Press Secretary, this would be a paid position covering expenses, travel and time. This could be one person or an event-by-event volunteer.
 - Create a Professional Championship logo/template that would be used by the clubs to promote the events.
 - Publish a report plus photos to as many media partners as possible TMX etc.
- Consider a presentation perhaps a joint centre and club award dinner or a presentation after the last event.

The Rules
